

INTRODUCING

That's AWESOME

THE SMARTEST WAY TO CLEAN

NU-ZYM TILE & GROUT CLEANER

That's Awesome **NU-ZYM TILE & GROUT CLEANER** has the viscosity of water and can be applied to any hard surface and is therefore **IDEAL** for tiled floors, showers, shower screens, bathroom tops, pool tile inserts and much, much more.....

REMOVES: *Foot Grime, Mould, Shower Scum, BBQ Fats and Grease, Cook Tops, etc*

As with all **That's Awesome Products**, **NU-ZYM TILE & GROUT CLEANER** doesn't leave **ANY STICKY RESIDUE** which can result in re-soiling either during or after the cleaning process. To get the best results using **NU-ZYM TILE & GROUT CLEANER** follow these easy steps.

- Step 1.** Prepare the cleaning area by sweeping or vacuuming any floor area's (skip this step for Showers & Tiled Walls).
- Step 2.** Apply product by either spraying i.e. for showers etc, or directly and **undiluted** onto floors using a Micro-fibre Cleaning Pad or similar to disperse the liquid over the area and scrub clean. **IMPORTANT:** *Do not allow the product to dry once applied. For best results only clean areas of approximately 3x3 sq mts at any one time.*
- Step 3.** To finish the job simply use your standard floor cleaning tool with cleaning pad or mop until tiled areas are all clean. **REMEMBER** Grouted areas between tiles that have become badly soiled or scum-laden, may require additional scrubbing and treatment.

Repeating Steps 1-3 is advisable if the treated area is not completely cleaned on first application. Finally, **NU-ZYM TILE & GROUT CLEANER** can be safely used with most types of commercial floor cleaning equipment and best of all there are no dangerous or overpowering bleach type fumes!

That's Awesome **NU-ZYM TILE & GROUT CLEANER** can be sprayed directly onto shower screens and tiles without **ANY OF THE HARMFUL FUMES** that you would normally inhale when using chemical based cleaners such as bleach. For best results every time simply spray the product over a small area and leave for 2 minutes. Then using a Micro-fibre pad or a Dishmatique Sponge Scourer (or similar) scrub, rinse or wipe and Your Done!
